Mosley, "The Best Investment in Your Station"! The Lifetime Antenna Company!

Prices listed below follow the antenna sections in the catalog. Prices and specifications can change without notice or obligation. Some shipping delays can occur due to the long lead times the aluminum industry is presently facing. Mosley has an extremely large inventory of goods, however, if the demand depletes a certain size of tubing, it can affect more than one model being produced. These lead times are beyond our control. When an order is placed, you will be given an approximate shipping date. If the item is in stock, it will ship within 3 days of receipt of payment and the order. (Prices are effective as of 9-1-96. Prices are in US Dollars. Payments on all orders will be processed at the time of order.) NOTE: Parts are available for all older Mosley antennas, even going back 56 years!

Mosley Electronics, Inc. 10812 Ambassador Blvd., St. Louis, MO 63132

Order cancellation and return policy.

If an order is placed and shipped and then cancelled, it is subject to a restocking charge of 20%. This is to cover re-boxing and examining the antenna for resale. The shipping charges will not be refunded since the carrier will still need payment. An order which is charged and then cancelled, will be handled through our accounting office and you will pay the reversal fee, which Visa/M/C charges our account. Prior to returning any product you must receive a RMA (Return Merchandise Authorization) from Mosley. We receive hundreds of shipments at our docks and if the shipping department isn't aware of the shipment it will be refused or lost, and no refund will be allowed.
*Oversize packaging uses 35 lbs. Minimum.
